

## Task-2 Exploratory Testing

### Challenge I - City Searches

The main difference between the two cities are

	Düsseldorf	Kaarst
Search Result amount	Düsseldorf is a region/state, that's why the number of the search results are large	Kaarst is a town within the same region That's why the number of the search results are less more than Düsseldorf.
Prices variance	<ul style="list-style-type: none"><li>• Düsseldorf city seems to be more of a commercial centre and tourist area than Kaarst, as it full of shops and the river makes it a tourist destination.</li><li>• Hotels in Düsseldorf are more modern and have beautiful view, which means that guests will be more suitable to go Düsseldorf more than Kaarst</li><li>• Düsseldorf has more places and activities, you can notice that in the distance from other places described for every hotel.</li><li>• That's why the prices is more Expensive than Kaarst</li></ul>	<ul style="list-style-type: none"><li>• Prices for Kaarst are less in prices.</li><li>• There is no variety of activities and places which make the place with less number of Hotels.</li></ul>
Types of hotels	There are all types of Hotels starting from 1 star to 5 stars	There are hotels starting from 1 star to max 4 stars And its only one hotel 4 star

### Challenge II – A/B Test

1. (Chrome/ Incognito Chrome) from Web portal
  - a. Add to Favorite is not the same in both sessions (heart –Pin)
  - b. Font is Bold in the first Screenshot and it is not bold in the second one
  - c. "Search" button color is dark blue in the first screenshot but in the second screenshot is a light blue.

## 2. Two different sessions of chrome (Web Portal)

- Font Is bold in the first Screenshot
- "View Deal" button is dark green in the first screenshot and lighter green in the second one.

The screenshot shows the Trivago website interface for a search in Paris. The search parameters are: Paris, Check in Sat, 21/09/19, Check out Sun, 22/09/19, Room Double room. The filters are: Price / night (slider), Accommodation (All types), Guest rating (All), Hotel location (City centre), and More filters. The results are sorted by 'Our recommendations'. The first result is Hotel Acacias Etoile, a 3-star hotel with an 8.5 Excellent rating (1673 reviews). The price is £138. The 'View Deal' button is dark green. The second result is Hotel Napoléon, a 5-star hotel with an 8.6 Excellent rating (3160 reviews). The price is £325. The 'View Deal' button is also dark green.

This screenshot is identical to the one above, showing the same search results for Paris. However, the 'View Deal' button for Hotel Acacias Etoile is a lighter shade of green. The 'View Deal' button for Hotel Napoléon is also a lighter shade of green.

### 3. Two different sessions of chrome /incognito (Mobile)

- Sort and Filter is different.
- Account login is appear in Incognito and not in the other chrome.
- Our recommendation is displayed in the first screenshot and not in incognito
- "How payment to us affect ranking" explanation mark is not the same in both.
- Color is different in Search button.
